.....

In your opinion, will your son/daughter be prepared to adapt to the life of a German family and behave in a positive and courteous manner?

.....

I understand that although some of the time in Germany is spent undertaking visits together under the direct supervision of staff, my child will also spend a significant amount of time in the care of his/her host family, who will take responsibility for my child as they would for their own children. My child will therefore not be directly supervised by King's School staff at all times.
